

YOUR CHEST X-RAY RESULTS

• AI Screening Summary • For You and Your Doctor

Patient ID	-	Study Date	2026-05-19
Name	Sam	Study Time	12:26:49
Age	24	Modality	CHEST X-RAY
Sex	Male	Report ID	6b2b0c98

WHAT WAS LOOKED AT

Your chest X-ray was reviewed by an AI system trained to screen for 13 common conditions. This is a screening tool — your doctor will make the final interpretation.

WHAT WAS FOUND

Main finding: Enlarged heart

Confidence level: High confidence

WHAT THIS MIGHT MEAN

Your heart appears larger than usual on the X-ray. This can happen for several reasons — including high blood pressure, heart valve issues, or other heart conditions. It's important to find out the cause.

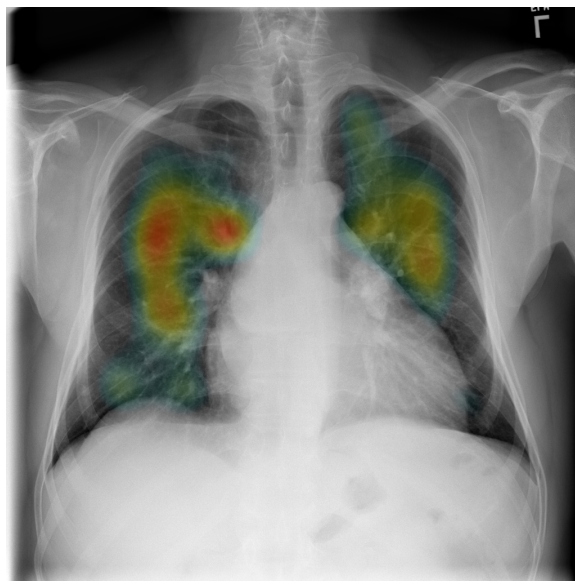

WHAT TO DO NEXT

- ✓ Schedule a follow-up with your doctor
- ✓ Bring this report to your appointment
- ✓ A heart specialist (cardiologist) may need to evaluate you
- ★ Heart specialist consultation suggested
